

TOUR FOR BIG BENCHES

Going "for benches" is a wonderful way to spend one or more days with family 🧑🧑🧑 or friends 🧑🧑🧑🧑 in contact with nature 🌻🌻🌻??

Did you know that each bench has a different color? and it's great to go after them and try to guess what color it will be?

You can do it with the car 🚗, by motorbike 🏍️, with the MTB or with the more comfortable E-bikes 🚲🚲
(rental service at the hotel!)

The Monteverde di Bistagno Hotel is in the ideal position to visit a good number of giant benches even in a single day.

Staying at the Hotel Monteverde you will have the opportunity to discover the benches placed in the most panoramic points 🏔️ of the beautiful places that surround us, starting from the bench in Bistagno, and then continuing in search of all the others.

It will be our pleasure to give you a map with all the itineraries and with all the benches well marked and indicated.

At the hotel it is also possible to buy the "Passport of the Benches", a real passport where for each bench reached will be stamped with the place visited.

For those who wish (on request) we will prepare the "picnic basket" that you will find ready in the morning upon your departure to be able to have lunch or a nice snack enjoying the beautiful panorama you will find during your trip.
